

1 VIRGINIA RIDGWAY: [I think it would behoove 1
2 everyone to put the rail line on the west side of
3 Goldfield. And they say it's more costly, and I
4 don't believe that, plus there's not as many mining
5 claims and it's an easier route to do.] [And I also 2
6 hope it goes with the shared facility, trains share
7 it with us.]
